Привет, друзья !

К сожалению, выход в свет этого номера "SDN" олит запаздывает и по нашей вине, и благодаря деятельности некоего ГКЧ....

Несколько слов о событиях тревожных августовских дней в Санкт-Петербурге. Ваш редактор встретил их с переломанной ногой (повредил колено в начале месяца). Вся информация - из передач "Радио Свобода" и др. голосов Ленинградского Радио и 12 19 августа оказалось блокированным, за исключением короткого выступления А. Собочка вечером по 3-му каналу. 20-го числа вышла независимые газеты "Смена" и "Невское время", а в 5 часов 30 минут утра вышла в эфир ранее "обрубленная" радиостанция "ОТКРЫТЫЙ ГОРОД", которая вместе с "РАДИО ВАЛТИКА" по личному распоряжению А. Собочка вещала 24 часа в сутки на частоте 747 кГц.

В 10 часов утра 20-го состоялась мощная манифестация на дворцовой площади, в которой участвовал и А. Осипов.

Еще одна станция - "РАДИО РОКС", по информации Алексея, передавала все время правдивую информацию о положении в Санкт-Петербурге и в стране на 102 МГц.

Вот вырвите, пожалуйста и все.
